President's Message

Spring is in the air and with it, the promise of another busy season in the Transportation industry. As a result, the C-TEP Board activities will culminate in the Annual General Meeting at the end of May, with a bit of a breather through the summer. At the AGM, we will be looking for C-TEP member firms to become more active in C-TEP, by volunteering staff to join the Board or committees. It is a great opportunity to contribute back to industry, while meeting others and making new friends. The venue for the AGM is Canada Olympic Park and with Vancouver 2010 still fresh on everyone's minds, you may want to arrive early or stay longer to do a few "skeleton" runs.

Looking forward to seeing you at the AGM.

Kelly Yuzdepski, P.Eng.
President

C-TEP Mission

C-TEP has three primary goals:

1. To be a leader in providing professional development and applied research in road transportation engineering and planning, to continually improve road systems in Canada.
2. To provide a forum for dialogue and collaboration among industry, post secondary institutions and governments, in road transportation engineering and planning
3. To be a resource centre for the road transportation engineering and planning community

Our members consist of consultants, Government, Universities, construction firms and suppliers, as well as other engineering associations. C-TEP has partnered with the Alberta Motor Association.

Membership Update

Member benefits include discounted course fees, access to research reports, eligibility for Board and Committee positions and the ability to provide research services .

Welcome to our new members:

CIMA+

O` Hanlon Paving Ltd

Central City Asphalt Ltd

C-TEP Committee News

Research Committee

The Committee's mandate is to identify and sponsors applied research projects, leverages funding sources and develops selection criteria.

Committee members include:

Lina Kattan (Chair) - University of Calgary
Roger Skirrow—Alberta Transportation
Ezekiel Dada, Bunt Engineering
Raheem Dilgir, Opus International
Alex de Barros, University of Calgary

C-TEP currently has 5 research projects underway.

We are pleased to announce that one of our projects, **An Overview and Statistical Compendium of Freight Transportation in Alberta - EBA Engineering**, will be presented at the Canadian Transportation Research Forum (CTRF) in Toronto in May ,2010.

Congratulations to the principal researcher, Masood Hassan and his team!

Note: the Research Committee is looking for additional members. Please contact the C-TEP office if interested.

Professional Development Committee

The Committee's mandate is to provide knowledge transfer in areas of interest to the road planning and engineering industry through a variety of formal and informal technical courses, seminars and workshops.

Committee members include:

Steve Melton (Chair) - ISL Engineering
Allan Kwan—CIMA+
Bill Kenny—Alberta Transportation
Gerard Kennedy—EBA Engineering
Janis Fong—GENIVAR
Jason Meliefste—City of Edmonton
Troy McLeod— City of Calgary
Shelly Moulds—ISL Engineering

Over the past year C-TEP offered 8 courses to the transportation engineering community, with 200 participants attending.

Upcoming Professional Development Courses :

Transportation Surveying, April 2010 (2 sessions) - both are sold out!

Streambank Stabilization—Calgary & Willow Creek—June 24 & 25, 2010

Access Management/Roundabouts, Calgary, Sept 28 & 29, 2010.

Urban Geometric Design, Edmonton, Fall 2010

Thanks to the support of our members and the quality of instruction, our courses are well received, informative, affordable and well attended!

Registration information will be located on our web site soon.

Technical Innovation Committee

Committee members include:

Jean-Martin Croteau (Chair) - Works Alberta Ltd.
Chuck McMillan—Alberta Transportation
Art Johnston—EBA Engineering
Bob Forfylow—LaFarge Canada Inc
Francois Vachon—Works Alberta Ltd.
Hugh Donovan—City of Edmonton
Joe Chyc-Cies—City of Calgary
Gordon Molnar—AECOM

In cooperation with the APWA, (Alberta Public Works Association), C-TEP hosted a very successful 2 day workshop in Edmonton in February 2010.

The Western Canada Pavement Workshop - 2010 edition, was attended by more than 200 people, representing municipalities, consultants, suppliers, and academia.

We were privileged to host 12 well respected speakers from national and international organizations. Topics included pavement preservation, asphalt mixes and recycling.

The presentations can be found on our web site.

A Safety Moment

“Road sense is the offspring of courtesy and the parent of safety.”
